My son and I purchased the boat about thirty years ago, and it has been at the Saint Paul Yacht Club since we purchased it. My son was a live aboard during the entire time until his death. During that time it was his principal and only residence. Therefore, the boat was maintained and repaired so that it would be in excellent condition to live on. The boat is registered with the U S Coast Guard and does not need to be licensed with the State of Minnesota. The following are some of the items that were added, replaced or repaired:

Transom	Carpet
Dashboard and Gauges	Carburators
Furnace	Painting
Refrigerator	Bathroom
Electric Fireplace	Winterized and Covered
Ceiling	etc.
